GRAPHIC SERVICES

Today's technology puts high quality, large scale graphics within the reach of every exhibitor's budget. A breathtaking graphic grabs attention and will stop traffic at your booth!

We have a wealth of tradeshow experience and a complete range of graphic services to offer. Together with traditional large-format, high quality inkjet murals and banners, we also offer "back-lit" transparencies, CNC cut vinyl, raised lettering, silkscreen printing and most other forms of signage.

With so many choices to improve the appearance of your presentation, graphics should be viewed as essential and not a luxury.

For more information about adding graphics to any of the products in this catalog, or if you already own a display and are simply looking for new or replacement graphics, call us today and our experienced graphics specialists can help you take your display to a new level!

BANNER STANDS: RETRACTABLE

Our retractable roller systems offer the latest in display technology and portability. The graphic is stored safely inside the base unit where it is protected during transit or in storage. Once on site, simply unroll the graphic from the body of the display to present an instant message that can be used over and over again. Each of these retractable systems shown have been carefully designed to offer a special feature either in function or price. Ask your display supplier if a retractable banner stand is right for your needs!

ORIENT AFFORDABLE

Quick and simple to use, the Orient combines elegance with excellent value. Finished in anodized Silver with heavy duty molded end plates. Padded carry bag included.
Order ref: **ONT-800-S**
Graphic size: 31.5"W x 84"H (+ 6" bleed).

Graphic size: 35.5"W x 80"H

(+6" bleed).

COMMANDER

ECONOMY

An economical choice for a 36" wide graphic. The sleek design has an "add tension" feature that allows you to get the best out of your graphic display. A bag is included.

Order ref: **COM-36**

Graphic size: 34.5"W X 76"H (+ 1.25" bleed at the top & 5" bleed at the bottom).

FLASH

ECONOMY

With a two-tone Grey and Black finish, the Flash offers a very chic display at an economical price. The removable stabilizer foot snaps into place for speedy assembly. Manufactured from impact modified plastics with a steel inner structure, this system is strong yet lightweight. A carry bag is not included, but available. Order ref: **FLSH**

Graphic size: 31.5"W x 79.5"H (+6" bleed).

BANNER STANDS: SPRING BACK

I-BANNER

SPRING BACK BANNER STAND

Available in three widths. Poles can be added or removed to give various height options (poles are included). Lightweight carry bag included.

24" wide (I-Banner 620): IB-620
 Graphic size: 24"W X 59"H or 78.5"H
 27" wide (I-Banner 700): IB-700
 Graphic size: 27"W X 59"H or 78.5"H
 36" wide (I-Banner 920): IB-920
 Graphic size: 35.25"W X 59"H or 78.5"H

Available in 3 sizes

LIGHTNING

ECONOMY TENSION-BACK BANNER STAND

Light weight and easy to use, the Lightning is a good all around tension-back banner stand. Snap-lock graphic rails make changing the graphic fast and simple. The Lightning comes complete with a budget carry bag.

Order ref: LTNG
 Graphic size: 31.5" W X 77.5" H
 (+ .5" bleed at top & bottom)

VORT-X

X FRAME BANNER STAND

A lightweight X frame banner display designed to take a vinyl graphic with eyelet grommet corners. Can be used as single system or linked together to offer a double sided display.

Order ref: VTX-2
 Graphic size: 27.5"W X 70.75"H (eyelet to eyelet) with grommets in each corner. Overall graphic size is 29.5"W X 72.75"H.

ARK ADVANCE

SPRING BACK BANNER STAND

Technology and elegance are combined in one great product. The Ark includes cast aluminum feet and a "pro style" carry bag with a tubular inner liner. Great for tradeshow and corporate receptions!

Order ref: ARK
 Graphic size: 31.5"W X 86"H

BANNER STANDS: TELESCOPIC

Telescopic banner stands are extremely versatile because you can display various sized graphic banners using the same stand. The telescopic pole on these units allows you to adjust the height of the banner stand at a wide number of points. This design gives you the versatility to use one product as a full size banner stand display at a trade show or as a table top banner stand at a smaller event or in a retail environment.

DASH MEGA

TRIPOD TELESCOPIC BANNER STAND

Dash Mega is a well crafted tripod banner stand. Manufactured of anodized aluminum, it's very stable, quick & easy to erect. Available as a single or double sided unit. A carry bag with tube is included.

Dash Mega single sided: DSH-ME-1
Graphic size: 36"W up to 95"H
(Live area is .75" less at top and bottom)
Dash Mega double sided: DSH-ME-2

BANNER STANDS: TELESCOPIC

DASH MINI

TRIPOD TELESCOPIC BANNER STAND

Dash Mini is a well crafted tripod banner stand. Manufactured of anodized aluminum, it's very stable, quick & easy to erect. Available as a single sided or double sided unit. A carry bag is included.

Dash Mini single sided: DSH-M
Graphic size: 31.5"W up to 78.5"H
(.5" bleed at top & bottom)

Dash Mini double sided: DSH-M-2

UNO

TELESCOPIC BANNER STAND

The Uno banner stand design is recognized as the market leader because of its versatility and ease of use. All aluminum construction makes the durable Uno a great value. All kits include a carry bag with graphic storage.

Uno Standard
31.5" wide: UN-1-ST
Graphic size: 31.5"W x 35"- 86"H

Uno Mega
36" wide: UN-1-MG
Graphic size: 35.5"W x 35"- 86"H

Uno Monster
48" wide: UN-1-MO
Graphic size: 48"W x 35"- 86"H

DASH MINI OPTIONS

An optional 3 pocket literature dispenser is available. When adding the literature pocket, graphic size is 31.5"W x 44"H.

Order ref: DSH-M-L-1

Double sided unit with 2 literature dispensers-

Order ref: DSH-M-L-2

METRO

ECONOMY TELESCOPIC BANNER STAND

Metro is a lightweight, value for money telescopic banner stand, offered in a silver finish. It can be used as a single or double sided unit- the kit comes complete with fittings for both. Lightweight carry bag included. The Metro is a great low-cost option for simple banner presentations.

Order ref: METRO

Graphic size: 23.5"W

Height is variable: 36-70"H (+ .5" bleed top & bottom)

BANNER STANDS: TELESCOPIC

UNO II
DOUBLE SIDED
BANNER STAND

A great double sided variation of the standard Uno telescopic banner stand. Easy to use and simple to set up. A carry bag is included.

Order ref: **UN-2-ST**

Graphic size: 31.5"W

Height is variable: 35"-86"H

UNO MURAL

LINKED BANNER STANDS

Three standard 31.5" Uno banner stands can be linked together to create a full graphic backwall. Uno Mural kits come complete with edge to edge magnetic tape, system locks and a molded transit case. Order ref: **UNM-1-ST**

PEGASUS

TWO WAY ADJUSTABLE TELESCOPIC BANNER STAND

The Pegasus offers the ultimate in versatility. The system can be used as a single or double sided unit and the dual telescopic poles (horizontal and vertical) allow the user the option to present banner graphics from 30" up to 95" wide and from 36" up to 96" high. Available in Silver or Black. System comes complete with carry bag.

Silver finish: **PGSUS-S**

Black finish: **PGSUS-B**

BANNER STANDS: OUTDOOR

STORM HD

HEAVY DUTY
OUTDOOR BANNER STAND

The Storm HD offers an oversized hollow base that offers you the option of adding either water or sand as a weighting agent and it is especially suitable in high traffic areas or extreme weather conditions. Storm HD can be single or double sided and comes complete with a carry bag.

Single sided Storm HD: **STRM-1**

Double sided Storm HD: **STRM-2**

Graphic size: 24.5"W X 71"H with grommets in each corner.

Single sided

Double sided

STORM PRO

OUTDOOR BANNER STAND

The highly portable Storm PRO features heavy duty construction and offers the same excellent strength and stability as the Storm HD. Each unit comes with a hollow base that can be filled with water or sand. The telescopic support pole and completely adjustable central hub allow you to vary the height of the graphic to fit your needs. You can also rotate the graphic 45° or from horizontal to vertical. Available in a silver finish. A carry bag is included.

Single sided: **STRM-PR**

Double sided: **STRM-PR2**

Graphic height varies: 23.5"W X 63"H as shown

23.5"W X 86"H when using the bottom graphic clips shown at the right. Note: Graphic does not rotate when set to maximum height.

WIND DANCER

TELESCOPIC
OUTDOOR FLAGPOLE

Wind Dancer is a great option for outdoor and indoor banner display. It offers an adjustable display height of up to 16' and comes with a hollow base allowing the option of adding either water or sand as a weighting agent. The constructed unit is easy to position, erect and remove. Complete user instructions included.

Order ref: **WIND-MX**
Graphic size: 43"W X 144"H
Allow 1.5" for grommets along the top and inside edges.

SPINNAKER

DOUBLE SIDED BILLBOARD

A versatile indoor/outdoor billboard that can be used for single or double sided presentation. With a maximum graphic area of 8' wide x high (weather and wind conditions permitting), it's an ideal promotional solution for outdoor events, advertisements, exhibitions and public areas such as airports and shopping centers.

Order ref: **SPKR**
Graphic size: 96"W
Graphic height is variable:
45" minimum up to 96"

ROCKET

PORTABLE OUTDOOR
SIDEWALK SIGN SYSTEM

The Rocket is ideal for sidewalk advertising. The base can be filled with water for stability and the spring loaded graphic support provides the flexibility needed to handle the change of outdoor elements. Graphic size: variable, maximum recommended size is 36" x 36". Order ref: **RCKT**

DISPLAY PANELS: FAST FOLDING

Traditional fast folding display panels still offer an extremely versatile solution to many display dilemmas.

VOYAGER BRIEFCASE DISPLAY SYSTEM

The Voyager has been specially developed as a briefcase style table top display and is a great choice for promotions on the go. It has a hard molded outer skin and Velcro compatible fabric inner skin. Standard systems have a black plastic outer skin and black fabric inner skin.

Voyager Mini kit (small): VY-1
Open dimensions: 18"H x 48"W

Voyager Maxi kit (medium): VY-2
Open dimensions: 24"H x 48"W

Voyager Mega kit (large): VY-3
Open dimensions: 32"H x 48"W

Voyager Supreme kit (x-large): VY-4
Open dimensions: 24"H x 64"W

Voyager Supreme (VY-4)

Inner fabric or the hard molded outer skin can be ordered in your choice of custom color. (Minimum order of 100 kits required).

EFX-2802

EFEX

ECONOMY TABLETOP FOLDING DISPLAY KITS

The EFEX panel system is a light-weight, fabric covered tabletop display at real "value for money" prices. Available as a 28"W x 35"H panel, the 2801 model offers a three-in-a-line panel configuration while the 2802 model offers the same panel kit but with an additional 12"H, full width header. Panel kits are available in a choice of three basic fabric color combinations: Red/Black, Blue/Grey or Red/Blue (custom fabric colors or custom sized panels are available on quantity orders). Bag included.

2801 Three panel kit: EFX-2801

2802 Three panel kit with header: EFX-2802

EFX-2802

EFX-2801

DISPLAY PANELS: HORIZON FAST FOLDING

The Horizon series offers a choice of fabric textures and colors for front and back and includes some great free standing display options. Main panel sizes are approx 2'x 3' but custom sized panel displays are available. (Speak with your display supplier regarding color choices)

EXPANDING DISPLAY SYSTEMS: POPUPS

The Coyote popup display system combines strength, reliability and style. It features several unique advantages over other similar Popup display systems, especially its light weight and simplistic ease of use. Compared with complicated "snap in" channel bars and delicate locking/location systems, the Coyote uses state of the art "Rare Earth Neo Magnets" on both its channel bars and locking/location systems. These make it very quick and simple to erect and take down, with practically no "easy to break" parts. Full display systems are offered in a wide choice of configurations from basic tabletop kits to full 20' long displays. All Coyote displays are offered as curved or straight systems, single or double sided and offer the option of combining with either breath taking seamless graphic mural panels or versatile "Velcro friendly" fabric panels.

the
COYOTE
popup

Case converts to a counter

Fast and easy to assemble, the Coyote Popup display frame is both light weight and strong.

Magnetic channel bars simply snap into place in moments to form a rigid structure for your fabric or graphic mural panels.

With the Coyote, spectacular graphic mural panels are simple to install.

EXPANDING DISPLAY SYSTEMS: COYOTE POPUP KITS

For presentation purposes, all Coyote systems are shown as curved, full fabric displays with endcaps. However, each kit can be converted to full graphic murals or a combination of fabric and graphic mural panels. The Coyote is also available with a straight frame as well as many other configuration options.

1x1 tabletop kit for desk top presentation
Footprint dimensions:

COYOTE INTERNAL SHELF KIT

Our professionally finished internal shelf kit offers you the option of presenting products or marketing literature directly from the front face of your Coyote popup display.

The Coyote shelf kit assembles in seconds and comes complete with two clear acrylic shelves which can be used either horizontally or at 45 degree angles.

(Only available for use with 'curved' Coyote popup display. Shelf kit does not fit into OCP oval molded popup case)

COYOTE BUBBLE PANEL OPTION

Add a new dimension to your Coyote Popup display system with a forward facing, convex bubble panel. Panel can be fabric, OPAQUE graphic or even a rear illuminated graphic. (Lighting kits for rear illuminated bubble panel, sold separately) Panel and hardware can be stored with display in conventional OCP oval molded popup case.

CASE TO COUNTER CONVERSION KIT

Not only does the OCP oval molded popup case offer internal storage for lighting and great all around protection for your Coyote or Spyder popup display system- it can also be converted into a useful and attractive counter! The case comes complete with a solid writing surface which can be secured to the top and then either a fabric or graphic wrap can be applied to the outer face to create a dynamic counter or product platform. (C2C Fabric or graphic wrap sold separately).

LUMINA 200

LUMINA 7

OPTIONAL LIGHTING

The Lumina 200 and Lumina 7 offer a good, all around solution for illuminating your Coyote or Spyder popup exhibit. Other lighting options can be found on page 28.

the Spyder

POPUP DISPLAY SYSTEM

SPYDER ELITE POPUP DISPLAY SYSTEM

The Spyder is quite possibly one of the most advanced popup display systems on the market! It offers the very best in up to date display technology and state of the art materials- featuring fully magnetic locking arms, panel hangers and channel bars. The Spyder is extremely fast to assemble and the internal 'web' cross bracing provides the additional strength and rigidity for a nearly unbeatable finished appearance.

The Spyder is available with fabric panels, as shown, or as full graphic mural kits.

Only available as 3X3 and 4X3 curved exhibit kits.

3X3 kit with fabric panels

3X3 kit with fabric panels

4X3 kit with fabric panels

Extremely fast assembly with a strong, rigid frame.

The Spyder is the ultimate choice for sophisticated exhibit presentation!

TENSION FABRIC SYSTEMS

Tension fabric systems are the next generation in large format graphic displays. These light weight systems are highly portable and easy to set up, offering maximum impact with minimal fuss!

HOPUP PORTABLE DISPLAY

The HopUp has a light weight, heavy duty frame that can suspend a fabric graphic mural. It sets up in seconds and can be packed away just as quickly! Available in three convenient sizes.
6' wide tabletop system : HOP-6-T-S
8' wide system: HOP-8-S
10' wide system: HOP-10-S

8' wide system

6' wide system

The durable fabric graphic image stays attached to the aluminum frame for fast and efficient use.

A carry bag is included with all units.

TENSION FABRIC EXHIBIT STRUCTURE

Add a whole new dimension to your exhibit or display with a seamless graphic backwall! Formulate combines an easy to assemble aluminum tube framework with state-of-the-art, high quality tension fabric graphic imagery. Both the horizontal and vertical curved systems come complete with a molded transit case, and a selection of options and upgrades including a wrap-around tabletop, clamp-on literature pocket and a full range of lighting.

FORMULATE 1

Vertically curved 10' wide tension fabric exhibit structure: **FMLT-1**

ORBITAL EXTREME™ expo truss

QUICK-SHIP "OFF THE SHELF" TRADESHOW TRUSS KITS

EVERYTHING YOU NEED!

We offer a wide range of "off the shelf" kits for a variety of booth sizes and configurations. Professionally manufactured in the U.S.A, Orbital Expo-Truss Extreme will give your next tradeshow the amazing look of a full custom designed exhibit, but at a fraction of the cost.

VALUE FOR MONEY!

Each kit comes complete with all the parts, fixtures and fittings that you need to build your successful exhibit. With Orbital Expo-Truss Extreme you get much more than just the structure! Where indicated in the brochure, kits also come with stylish 50 watt, low voltage spot lights and adjustable tabletops in two choices of style and finish- textured silver or beechwood. The entire exhibit comes neatly packaged in re-usable, heavy-duty plastic molded freight cases, so that you can get the most out of your system, time after time.

VERSATILE!

Tradeshow spaces can change and so can your exhibit needs. Every Orbital Expo-Truss Extreme kit is completely modular, which allows you to reconfigure it over and over in many combinations that adapt to your changing needs. Have the versatility and impact of a "new look" for every show!

QUICK AND SIMPLE!

The simple, easy to use design of Orbital Expo-Truss Extreme makes exhibiting trouble-free. Kits are supplied with a full set of color coded assembly instructions and come complete with a straightforward and easy to use 'T' wrench tool (spares are included).

MOTION!

REVOLUTION MOTORIZED SCROLLING BANNER STAND

The Revolution is a motorized scrolling banner display system. Unlike the Maverick, the Revolution is not a floor standing unit, therefore the graphic can vary in height. It can be suspended from ceiling hooks (not included) or attached to a wall. The Revolution adds movement to practically any flat surface! Carry bag included. Graphic size: 32.5"W x 160"H (maximum height of looped graphic) Order ref: REV-850-S

MAVERICK STANDARD ECONOMY MOTORIZED SCROLLING BANNER STAND

Twin Telescopic arms allow you to set the height of your display from 48" up to 72". The scrolling mechanism at the top offers a wide variety of options for the length and style of your graphic. The Maverick Standard utilizes standard 110v power and comes complete with a carry bag. Graphic size: 28.75"W x 145"H (maximum height of looped graphic) Order ref: MAV-STD
